## Storybook albums

Each album is designed by me to perfectly suit your images. A4 is a good size for a typical mid-terrace living room, 25x35cm looks rather more luxurious, and A3 is best for stately homes and sturdy coffee tables.

pages	A4	25x35cm	A3
20	280	340	370
30	370	430	470
40	440	510	550

### Optional extras:

 leather from Actual Cows - £160  
 additional ten pages - £75

### Parent/mini copies:

2 A5 copies - £200  
 4 mini copies - £200

## Matted / overlay albums

Classic and timeless, but not old fashioned. Multiple photographs are mounted on each page behind thick, bevel-edged black and white overlays in a weighty book-bound album.

## Portfolio albums

A smaller album with 30 pages designed a bit like a storybook but individually mounted. That is, the image doesn't cross the central fold of the book. Available in black or ivory leatherette with a folding magnetic closure.

30 page 10x8 inch album	£270
30 page 10x10 inch album	£320
10 page 6x4 inch parent album	£65

## Traditional parent albums

pages	8x6 inch	10x7 inch
12	110	130
20	150	170
30	200	220

## Second photographer - £250

I only use other professionals as seconds. There's just no point bringing a student or amateur to your wedding. So availability can only be confirmed close to the date when we know they don't have their own booking.

## Photo booth - £250

For an entertaining, creative addition to your evening reception, we will bring a mini studio complete with fun props and blackboards for your guests to express themselves. Price includes a full set of prints to share round!

## Short notice?

If we're less than three months from your wedding date and I'm still available, I can offer you a bit of a discount or a quieter dates package just to help us fill the diary. Please get in touch for details.

## Worth every penny...

*"The pictures are amazing, you truly captured our love for each other. I was not expecting them to be so powerful, they had Michelle and me in tears. Thank you."* - **John Scott**

*"My best friend used Richard. I've got his card and I know if I marry it'll be abroad and I'll pay whatever I have to to get Richard to come! xx"* - **Shelley Garrison**

*"You really were just the calm little centre of our day, and choosing you was without doubt the best decision we made throughout the whole process. Thanks for everything."* - **Rowena Greenwood**
